

The Faces of Genocide Conference and Social Justice Fair

The West Valley College Global Citizenship Committee is sponsoring on Thursday, April 12, *The Faces of Genocide*. The objective is to gather a group of scholars, genocide survivors, students, community members, and organizations which promote social justice to engage in a conversation about why and where genocides happen--and how we may help to prevent them. Accompanying this conference is a Social Justice Fair in which we are bringing together like minded individuals committed to social justice and allow them to network and make (or re-establish) personal and organizational connections.

The AAUW has been invited to set up a table with information which describes the work we do. There is no cost to attend or to set up an information/display table, and all are welcome. For more information about the conference and the social justice fair (as well as those groups which have confirmed their participation), you may access this web page: <http://instruct.westvalley.edu/kelly/Genocide%20Conference/Frame1C.htm>

If interested in participating to set up a table, please contact Marilyn Fuller (mdfuller1@aol.com)
